

Granite Harbor Advisors tees up for Home of Hope

Houston-based Granite Harbor Advisors is planning a Golf Tournament to benefit Home of Hope this fall, 2011. Home of Hope is a Houston-based 401c3 dedicated to rehabilitating victims of trafficking. Advocacy groups believe about 300,000 children are trafficked in the United States annually. Texas accounts for 25 percent of that business. This benefit will help raise funds to support the first Houston-based rehabilitation center of its kind called Home of Hope. For more information, visit www.HomeofHopeTexas.com.
